FY 2010 DHS grant funds may not be used to support fusion center-related initiatives unless the fusion center is able to certify that privacy and civil rights/civil liberties (CR/CL) protections are in place that are determined to be at least as comprehensive as the ISE Privacy Guidelines by the ISE Privacy Guidelines Committee (PGC) within 6 months of the award date on this FY 2010 award. If these protections have not been submitted for review and on file with the ISE PGC, DHS grants funds may only be leveraged to support the development and/or completion of the fusion center’s privacy protections requirements. For more information view Homeland Security grant program guidance and application kit (108 pages .pdf).
