

- 3.1.10.2. Management/office employees such as supervisors (branch level and above), clerks, secretaries, etc. are not required to wear uniforms but shall present a business appearance at all times and be easily recognized as a contractor by wearing contractor-provided name tags depicting company name, employee's name, and employee's title. Embroidered badges worn by supervisory personnel shall reflect the specific individual supervisor's position.
- 3.1.10.3. During periods of warm weather, the wear of sleeved T-shirts as outer garments is permitted; however, T-shirts must be plain or may display the company logo or union insignia. The union insignia, if worn on the T-shirt, shall be silk-screened on the front chest-pocket and shall not exceed 13 square inches in size. The silk-screened name of the company or union may also be permitted on the back of the T-shirt.
- 3.1.10.4. The following apparel **SHALL NOT BE WORN**: apparel in a ragged or frayed condition, blue jeans, tank tops, halter tops, crop tops, sleeveless shirts, mesh and see through garments, exposed clothing with obscene or advertising logos or undergarment type shirts worn as exterior clothing, gym or sweat suit apparel, and other abbreviated attire, or any clothing that in the judgment of the Government could present an unfavorable image or cast discredit upon the installation, its personnel, or the United States Air Force.
- 3.1.10.5. The contractor, FC and CO will determine the appropriate dress for situations not covered above or which an interpretation must be decided. Personnel shall be in uniform NLT 60 days following contract start date and NLT 30 days for newly hired employees.
- 3.1.10.6. The contractor may provide a cap displaying the company logo only. The Air Force retains approval authority over the color of the cap. No other caps are authorized. If the cap is worn it must have a positive means of being secured to the individual to prevent it from becoming a potential source of FOD. If caps are worn on the flight line they must adhere to AF/AETC, OSHA and commercial FOD prevention directives/standards.
- 3.1.11 Contractor personnel shall not wear hats or caps in an intake danger zone as defined by the specific aircraft TO, while engines are operating. In addition, the contractor shall ensure clothing, jewelry, **hair pieces** and accessories worn by contract personnel with access to the flight line do not present a potential FOD hazard.
