BACKGROUND: On 17 Feb 1984 USMC LTC William (Rick) Higgens was abducted by Lebanese affiliates of Hezbollah in the small town of Ras El Ein, located south of Tyre, Lebanon. Higgens was returning to Nahr Al Ash, located south of Tyre, and headquarters of the UN peace-keeping force, the UN Truce Supervision Organization (UNTSO).

Requested: DIA (DB-5C)

Coordinator:

Essential Elements of Information (EEI):

- Was anyone (beside the abductors) aware of plans/den/intentions to abduct and kidnap USMC LTC William (Rick) Higgens?

  - If so, who?

  - How was the information acquired?

  - When was the information acquired?

  - To whom was it reported?

  - By whom? (country or source)

  - Was the US intel community aware of this intelligence tip-off?

  - If so, what action was taken?
1. The main objectives are:
   - Context
   - all relevant
   - 50% of info
   - overview of session
   (in equivalent)

2. The recovery task:
   - easy to do anything
   - when there are indications
   - of the pending crisis
   - of the plan to
   - of those who
   - to which
   - who, where

3. Collect:
   - today or all of data - of record
TASK: Determine how likely or not there was a conspiracy that resulted in the abduction of NSM ETC William (Rick) Zuganis in early February 1987.

Regulate: D 1A (DB-5c) HK 11 Aug 15 Aug

Background: DB-5c (HK) furnished identifying data on suspected conspirators. They are one: Alfas Muzaar (phonetic) F602 and a second person merely identified as a "Colonel in the Air Force Army - a member of the Red Forces."
ESSENTIAL ELEMENTS OF INFORMATION:

1. Albaq Mousawi (Libyan national).
   a) Position
   b) Political affiliation
   c) Age
   d) Physical description
   e) Role in the conspiracy
   f) If present, list all info sources
   g) How info obtained
   h) To accomplish the info transmission

2. Describe and identify the Moroccan
   colonel who is a member of the revolutionary
   bodyguard.
   a) Name
   b) Position
   c) Unit (physical description
   d) Role in the conspiracy, if any
   e) Association with Mousawi, if any
   f) Important info obtained
   g) From whom
   h) To whom transmitted
   i) If there was the info transmitted
   j) Intended goal/achievement

3. BACKGROUND: US Marine LTC William Richard (Rich) Higgins while returning to the UN peacekeeping force at Naqurah (UNIFIL) located 13 miles south of Tyre, Lebanon. He was abducted by three assailants near Ras Ain located four miles south of Tyre. The coastal track where he was abducted is contested by the Iranian backed "Hezbollah" and the Amal, a Lebanese military force who welcome the UN force in the area. The Amal is also conducting a search for Higgins.

4. ESSENTIAL ELEMENTS OF INFORMATION:
   a. Utilizing a composite map featuring Lebanon as the principal country and a second map of Beirut, access and describe the location of US Marine LTC Rich Higgins. Use other Middle East maps as appropriate. Start from the point of abduction near Ras Ain and Tyre.
   b. Prepare and sketch appropriate overhead perceptions (overviews).
   c. Once the target site, structure where LTC Higgins is being held hostage has been determined, identify a readily and publicly identifiable object, structure located in the immediate vicinity of Higgins place of detention.
   d. Time permitting and viewer disposition allowing, determine LTC Higgins' place of detention today (16 Feb 88) and on 26 Feb 88.
   e. Provide data related to guards, state of health, procedures and exposure to other hostages. (Time permitting)

3. BACKGROUND: USMC LTC William Richard (Rich) Higgins, while returning to the UNIFIL headquarters at Naqurah located 15 miles south of Tyre, was abducted by three assailants near Al Rasyan (aka: Ras Ain). Ras Ain is located about four miles south of Tyre. The coastal track where he was abducted is contested by the Iranian-backed "Hezbollah" and the Lebanese Amal forces in the area. Amal is conducting an ongoing widespread search.
4. ESSENTIAL ELEMENTS OF INFORMATION (EEI):
   a. Access and describe the structure in which LTC Higgins is currently being held hostage.
   b. Access and describe a readily recognizable man-made or natural feature located in the immediate or near vicinity of the target structure. (Three target country experts will use this info in an effort to locate and pinpoint the location of LTC Higgins).
   c. Utilizing maps labeled A thru F inclusively, determine and identify the current location of LTC Higgins.

TIME PERMITTING DETERMINE:
   d. Access LTC William "Rich" Higgins and determine:
      (1) Is he being moved? How?
      (2) Describe his perceptions of his current location.
(3) Thru perceptions of his senses (smell, sight, hearing), provide clues as to his current whereabouts.

(4) Are there any clues to be pursued as a result of his videotape that may provide an indication of his current location.

(5) Describe any readily recognizable natural or manmade structure that he perceived as a clue to determine his location by a country expert.

Location & Condition of USMC LTC Higgins away from V/55A. Recalling of RPV.
FEEDBACK:

---Many and continuing hits; issue of SS-20 missiles continues to be of high interest (as per Dr Vorona).

---Activities and info related to the POI, ie the MIC is of continuing interest.

---Information provided regarding LTC Higgins correlates with data provided from other intelligence sources.

---Formulas as provided by Angela and Louise were furnished Dr Vorona on 11 Mar 88; Dr Vorona expressed interest and will take appropriate action to have them evaluated. (Don't know the extent of Dr Vorona's reaction to the intermittent presence of Dr Einstein). May have a bearing on the future.

ESSENTIAL ELEMENTS OF INFORMATION (EEI):

PHASE I

---View the film obtained by an Israeli Remotely Piloted Vehicle (RPV) and describe the location of LTC Higgins' reflected on the film, if any.

---If positive, describe the general target area. (You may request map if deemed useful).

---If positive, describe the target structure where LTC Higgins was being held hostage at the time of the film was taken.

---Describe a readily and easily recognizable natural or man-made structure located in the immediate vicinity of the target structure.

PHASE II

---Determine if LTC Higgins is still at the target location identified and described on the film.

---If not, describe his current location in terms addressed in Phase I, ie, that data related to the general area, the target
structure and the readily recognizable structure.

---Is LTC Higgins still scheduled to arrive in Beirut on 17 March 1988.

---Will Higgins be released:

---On or about 6 April 1988
---On or about 22 April 1988
---...or later please...

Please feel free to address any issue you wish to discuss either at the beginning or at the end of the session.

note: thank you my dear friends for your continuing assistance and cooperation - we are doing the very best(s) we can to insure successful results in our mutual endeavors.
