SUBJECT: Frontaliers

TO : Mr. L. de Garston, British Vice-Consul, Lugano

1. The accompanying frontaliers have been approved and are ready for issue pending official announcement from this office on date of opening of frontaliere traffic and frontaliere crossing points.

2. Your office will be informed of the above, and the Swiss authorities can be instructed to issue a statement making public the announcement on frontaliere traffic and crossing points.

3. To avoid any complications your office should hold the approved frontaliers until you are informed of the date and crossing points.

4. All Swiss issued frontaliers have been approved principally on your recommendation.

5. All Italian issued frontaliers have been withdrawn pending re-issue of new frontaliers.

6. Persons affected by No. 5 above should reapply for the new frontaliers at the nearest CIC controlled frontaliere crossing point (which will be manned by Carabinieri).

7. Your suggestion that Swiss Customs officials use their Swiss Service Cards once they are approved by this office meets with our approval.

8. We shall attempt to inform you of the frontaliere crossing points as soon as possible as well as the opening date.
