MEMORANDUM FOR THE OFFICER IN CHARGE:

SUBJECT:

RE: Capitaine MORGAN
Chief, B.S.M., Souk el Arba
Anti-Allied Sentiments

This Agent interviewed Subject this date regarding Spanish civilians who had come from Idrache, Spanish Morocco and had given themselves up to the D.A.F. at Moulay Bou Selham about 1 May 1944.

Subject was noticeably cool in his reception and upon questioning this Agent learned the real cause of this attitude. MORGAN mentioned that he was at last to receive his summer military uniform of American make, but that it was the same as that of an ordinary private soldier. MORGAN added that the French always had made a difference between the ordinary soldier and the officer and that "it would be seen after the war in just what measure the French would appreciate the Americans."

AGENT'S DATA:

It is evident that MORGAN bitterly resents the above situation and if he admitted it to this Agent, it is to be presumed that he has discussed it with his subordinates and his fellow citizens as well. A tangible result of this patronizing attitude is a noticeable lack of cooperation by the Subject and his office staff in the last two weeks by failing to report the illegal border crossing of two Frenchmen on 3 May 1944. In fact the Subject openly resented being questioned about the incident as well as the purpose of the original interview and the report that two Italian prisoners of war apprehended by the French military authorities at Souk el Arba while attempting to reach the Spanish Moroccan border.
