OPNAV NOTICE 5400

From: Chief of Naval Operations

Subj: RENAME NAVY CYBER FORCES, SUFFOLK, VA AND DETACHMENTS AND MODIFY MISSION

Ref: (a) OPNAVINST 5400.44A
(b) OPNAVINST 5400.45

1. Purpose. To approve renaming of Navy Cyber Forces (NAVCYBERFOR), Suffolk, VA, and both fleet and shore detachments, and to modify mission, per reference (a).

2. Background. This action renames NAVCYBERFOR to Navy Information Dominance Force (NAVIDFOR), to create a type commander to support the various facets of the Navy’s information dominance organization, and modifies its mission to reflect its increased responsibility for providing combat-ready information dominance forces. There are no infrastructure changes as a result of this action, but NAVIDFOR will assume responsibility for all manning, training and equipping of information dominance forces. A support relationship between Naval Meteorology and Oceanography Command (NAVMETOCCOM) (supported commander) and NAVIDFOR (supporting commander) is established by this action for NAVMETOCCOM subordinates. NAVIDFOR provides administrative control (ADCON) support for these subordinates assigned “mission support” to NAVMETOCCOM. NAVMETOCCOM has operational responsibility for these activities, including immediate superior in command and reporting senior responsibilities. NAVIDFOR and NAVMETOCCOM will work integrated solutions to achieve unit readiness to meet mission requirements.

3. Organizational Changes. Effective 1 October 2014, rename NAVCYBERFOR, Suffolk, VA and detachments. The following applies:
