1. PURPOSE. This Directive:

   a. Establishes policy and assigns responsibilities for the MIP in accordance with the authority in DoD Directive (DoDD) 5143.01 (Reference (a)) to provide visibility into Defense Intelligence resource data and capabilities and to create a means for effectively assessing Defense Intelligence capabilities. This structure supports a capability portfolio framework and enables the Department of Defense to evaluate the strategic balance among requirements, resources, technical capacity, and human skills within the MIP and between the MIP and the National Intelligence Program (NIP), as appropriate.

   b. Incorporates and cancels Deputy Secretary of Defense Memorandums (References (b) and (c)) and DoDD 5205.9 (Reference (d)).

2. APPLICABILITY. This Directive applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the Department of Defense (hereafter referred to collectively in this directive as the “DoD Components”).

3. DEFINITIONS. These terms and their definitions are for the purposes of this Directive. Acronyms are defined in the Glossary.

   a. MIP. The MIP consists of programs, projects, or activities that support the Secretary of Defense’s intelligence, counterintelligence, and related intelligence responsibilities. This includes those intelligence and counterintelligence programs, projects, or activities that provide capabilities to meet warfighters’ operational and tactical requirements more effectively. The term excludes capabilities associated with a weapons system whose primary mission is not intelligence. The term “MIP” replaces the terms “Joint Military Intelligence Program (JMIP)”
and “Tactical Intelligence and Related Activities (TIARA).” This term and its definition are nominated for inclusion in the next edition of Joint Publication 1-02 (Reference (e)).

b. MIP Components. The OSD; Military Departments; the U.S. Special Operations Command (USSOCOM); the Defense Intelligence Agency (DIA); the National Geospatial-Intelligence Agency (NGA); the National Reconnaissance Office (NRO); and the National Security Agency/Central Security Service (NSA/CSS).

c. MIP Component Manager. The individual assigned by either this Directive, the Secretary of a Military Department, or the Commander, USSOCOM, who is responsible for managing MIP resources within his or her respective MIP Component in accordance with Under Secretary of Defense for Intelligence (USD(I)) guidance and policy.

4. POLICY. It is DoD policy that:

a. DoD intelligence, counterintelligence, and intelligence-related resources and manpower shall be planned, programmed, and funded through either:

   (1) The NIP, as defined in Executive Order 12333 (Reference (fe)) and section 4013002 of title 50, United States Code (U.S.C.), also known as the National Security Act of 1947 (Reference (gf)); or

   (2) The MIP.

b. References in DoD issuances to the JMIP and the TIARA Program shall be taken as references to the MIP.

c. Legislatively mandated MIP resource reductions will be coordinated with USD(I) and USD(C).

d. MIP capabilities, resources, and issues shall be reviewed by the Intelligence, Surveillance, and Reconnaissance Integration Council (ISRIC) (established by section 426 of title 10, U.S.C. (Reference (hg))) or other oversight organizations as directed by the USD(I).

e. The MIP shall reflect the relevant elements of the guidance documents issued by the Director of National Intelligence (DNI), the Office of Management and Budget, and OSD.

5. RESPONSIBILITIES. See Enclosure 2.

6. INFORMATION REQUIREMENTS. Intelligence continuity plans, including all response mechanisms and reporting requirements referred to in this Directive, are exempt from licensing in accordance with paragraphs C4.4.2. – C4.4.4. of DoD 8910.1-M (Reference (i)).
76. RELEASABILITY. UNLIMITED. This Directive is approved for public release. Copies may be obtained through the Internet from the DoD Issuances Web Site at http://www.dtic.mil/whs/directives.

87. EFFECTIVE DATE. This directive:

b. Must be reissued, cancelled, or certified current within 5 years of its publication to be considered current in accordance with DoD Instruction 5025.01 (Reference (h)).

c. Will expire effective November 14, 2018, and be removed from the DoD Issuances Website if it hasn’t been reissued or cancelled in accordance with Reference (h).
